

**South Bay Salt Pond Restoration Project
 Fall Workshop
 Initial Options for the Project Area
 Wednesday, October 27, 2004
 7-10 p.m.**

Coyote Point Museum
 San Mateo

Meeting Objectives:

1. Explore range of preliminary restoration options for the entire project.
2. Identify what features and general considerations would be common to all pond complexes and which features would vary.
3. Get feedback on the early options from Stakeholder Forum, Forum Work Group members, and the public.
4. Understanding of process for formulation of draft alternatives for EIS/EIR analysis.
